## NAPHTHA EXPLOSION THE FLOWER PARADE

A Score or More Killed Near Pittsburg Last Evening Early.

About 200 Persons Seriously Hurt and Fully Seventy-Five Percent Will Die.

A RAILROAD ACCIDENT THE CAUSE

Pittsburg, Pa., May 13.—The Shenandoah yards of the Panhandle railroad were the scene last evening of an explosion in which a score of lives were lost and about 200 persons were so badly burned that, according to the judgment of physicians, 75 per cent of them will die from the effects of their injuries.

While a train of naphtha cars was being switched the rear car telescoped a car forward. The leaking naphtha ignited from a switch light, causing an explosion which threw the flames 50 feet high.

Much of the escaping naphtha ran through Corks Run to Esplenborough, a distance of one and one half miles, and caused another explosion, blowing to atoms the Seymour hotel and the Collins house, on River road, and badly wrecking a frame building nearby, in which were congregated 200 or more men from Pittsburg and vicinity, betting on the races and baseball.

Few of the occupants of this building escaped injury, many being badly hurt.

### NEW CRATERS OPEN.

London, May 13.—The colonial office received the following dispatch this afternoon from Administrator Bell of the Island of Dominica, British West Indies:

"The Martinique catastrophe appears to be even more terrible than at first reported. Refugees arriving here this morning say that new craters are open in many directions; that rivers are overflowing and that large areas in the north of the island are submerged. Other districts are crowded with survivors. Almost total darkness continues. I do not believe Guadeloupe can adequately relieve the stupendous distress."

Mr. Robertt Black of Pittsburg is the guest of Mr. Will Wright.

A Beautiful Spectacle—Mr Tully, Miss Sanders and Mrs. Lyle Win.

Thousands Witness the Magnificently Decorated Vehicles as They Pass.

CARNIVAL IS ATTRACTING BIG CROWD

The Elks' second annual carnival had an auspicious opening last night. The parade at 5:30 was a most creditable one, and was witnessed by thousands of people. The weather was pleasant and the crowds turned out in greater numbers than ever known before.

The crowning of the queen, Miss Anna Boswell, was a pretty ceremony. There was a vast crowd present, and at 7:45 the procession, led by the band and Knights of Hacudap, arrived at the grounds and the coronation took place on the platform erected near the entrance. Miss Boswell, the queen, looked unusually beautiful, and her maids of honor, and gallant escort, Mr. Wallace Weil, made a pretty picture. Those on the platform were: Misses Elizabeth Sinnott and Marjorie Crumbaugh, Paducah; Miss Hallie Moorman, Mayfield; Miss Bessie Alvey, Henderson; Miss Arnie James, Evansville; Miss Bertha Farmer, Fulton. Messrs. James Campbell, Clarence O. Brown, Dow Wilcox, Thomas B. Harrison, Edwin Paxton, Wallace Weil.

After the coronation by Mayor D. A. Yeiser, and an address of welcome, the party left and the grounds were thronged by the public until midnight.

The country store was one of the principal attractions, and many patrons drew fine prizes. The rush was so great that the customers could hardly be waited on.

A number of the shows were not ready, owing to their late arrival, but today are running in full swing, and receiving a liberal patronage. They offer a high class of entertainment, and will get a great patronage from the people.

Last night there were over five thousand paid admissions to the grounds and the Elks are much gratified over the rush.

Today the cars have done an immense business all over the city, and there are thousands of visitors in the city. Every train and every boat brought scores of them, and others will arrive tonight and tomorrow. It is thought the crowd is the largest ever known in Paducah.

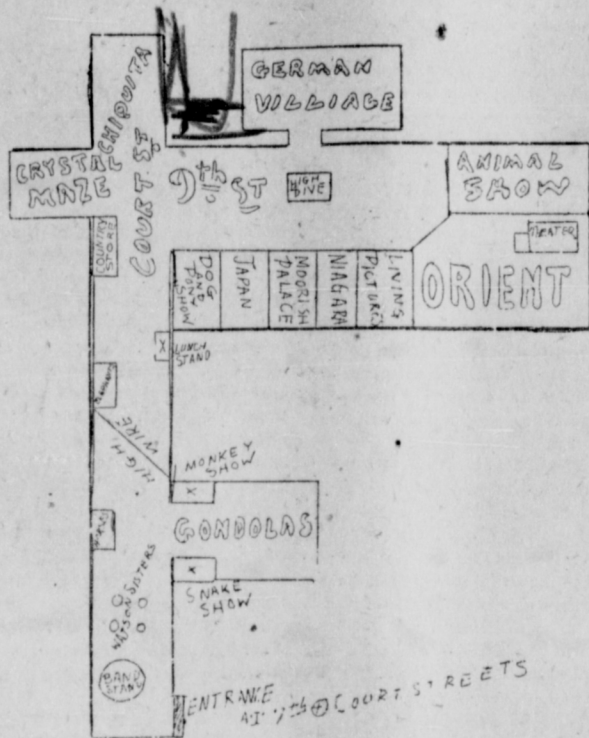

Last night at the carnival grounds a man attempted to snatch a pocketbook away from a woman but she was too quick for him and fought for several minutes. The would-be robber ran when he had broken away and the officers were unable to locate him. The woman's name could not be secured by the officers.

The flower parade this forenoon was an hour late in starting, but was viewed by thousands of people along the line of march. The people did not become very impatient, and most of all of them remained until the procession passed.

It started at Fifth and Jefferson and passed in review on Broadway. Coming down Fifth street it disbanded at Fifth and Jefferson.

The parade was one of the prettiest ever seen in Kentucky. There were never before so many beautifully decorated rigs. Dean's band led the procession, followed by the Knights of Hacudap. The queen's float was one of the most artistic pieces of work

The above is a reproduction of a diagram of the carnival grounds furnished by the committee. The main attractions are shown as they are situated, but there are several other smaller attractions, such as the Ferris wheel and miniature railroad and others that are not shown.

### VERY SUDDEN

Louisville, Ky., May 13.—Mr. Walter N. Haldeman died at 5 o'clock this morning aged 81 years, from peritonitis, developing from a street car accident last Saturday. The end was shockingly sudden. ### TO RELIEVE DISTRESS

Resolution to Appropriate \$500,000 for the Sufferers.

It Will be Spent Under the Direction of the President.

Washington, May 13.—Soon after the senate convened today Mr. Culom, from the committee on foreign relations, reported a joint resolution appropriating \$500,000, including the \$200,000 already appropriated, to be expended under the direction of the president in such a manner as will most promptly and effectively relieve the stricken people of the French West Indies and St. Vincent. The resolution was adopted without comment.

### VALUE OF PUBLICITY.

One hardly appreciates the full value of publicity until he carelessly buys a certain brand of goods and then wonders why he asked for that particular brand. All of a sudden it dawns upon him that he has been educated to that brand by the constant appearance of its name—Advertising Experience.

## COUNTY COMMITTEE IS VERY AUSPICIOUS

Chairman Mott Ayers Settles the Dispute as to Chairmanship.

Mr Charles Emery Secures the Ballots and the Money to Pay Officers.

LIST WILL BE READY WEDNESDAY

Chairman Mott Ayers of Fulton, chairman of the Democratic congressional committee, was in the city yesterday afternoon and held a conference with Mr. Charles Emery, who for several months past has claimed to be chairman of the McCracken county Democratic committee. Mr. Frank Digel also claims the chairmanship, and there have been some exciting times over the contest.

Chairman Ayers, in the congressional committee meeting held here a few weeks ago, recognized Mr. Emery as the chairman in McCracken, and later at the meeting of the appellate committee left it to the committee which to recognize, and both Mr. Emery and Mr. Digel were allowed to represent the county. It was agreed, however, that the two claimants should afterwards meet and settle the dispute by both resigning and allowing some one else to be elected, but Mr. Digel changed his mind subsequently and declined to resign, or to take any steps to settle the dispute.

Chairman Ayers has now settled the dispute. He yesterday turned over to Mr. Emery the ballots that are to be used in this county at the congressional primary May 24, and gave him a check for \$150, which is to pay off the election officers who serve at the primary.

It is understood Mr. Digel will appoint a set of officers, but if he does, they will receive no pay, and will have no ballots to use in the primary.

Judge Emery states he will have his list of officers made out by Wednesday.

### DIOCESAN COUNCIL AT HENDERSON.

BUSINESS SESSION TODAY, WITH BISHOP DUDLEY IN THE CHAIR.

Henderson, Ky., May 13.—The seventy-fourth diocesan council of the Protestant Episcopal church was opened at St. Paul's church in this city Sunday by the administration of the holy communion by Rt. Rev. T. U. Dudley, bishop of Kentucky. The sermon was delivered by Rev. John F. Mason of Louisville.

At the evening service Rev. W. Dudley Powers, secretary of the board of missions, delivered an address on "Missions," and asked aid for the mission in Brazil. The first business session of the council was held yesterday, Bishop Dudley presiding. There were about fifty clerical and lay delegates present.

Reports of finance committee and treasurer of diocesan missions were read. Report of publishers of the Bishop's letter was read and referred. The morning session closed with a lengthy and interesting address by Bishop Dudley.

### YOUNG WOMAN COMMITS SUICIDE.

English Stock Opened at the Kentucky Last Evening.

The Comedy "A Savage From Japan" Well Presented to an Appreciative Crowd.

NEWS OF THE AMUSEMENT WORLD

The English Stock company opened to a fairly large audience last night at The Kentucky, and judging from the favor with which it was received, will at once make a hit in Paducah. Despite other attractions the audience was there, and the universal verdict was that the performance was first class. The company adequately sustained the reputation for first class work which Manager English had given it.

"A Savage From Japan" was presented last night. It went smoothly enough, although it was the first performance, and the people were greatly pleased at the excellence of the cast. They found an artist in every role, something that isn't often met in a stock company playing at popular prices.

"A Savage From Japan" is a society comedy drama, and the setting for the first act was undoubtedly the finest ever seen on the local stage. The apartments represented had over \$1,500 worth of furniture and bric-a-brac visible, and the effect was so pleasing that the audience spontaneously burst into applause when it caught its first view of it.

Mr. True S. James in the title role had the most difficult part to play and did it well. Mr. James is a polished actor whom it is a pleasure to see.

Miss Franklin Gale in the leading female role did clever work, and is destined to become very popular. She is a beautiful woman, who thoroughly understands her work, and does it with that grace and abandon that contribute so much to one's pleasure in witnessing a performance.

She is ably supported by Miss Justina Wayne and Miss May Stockton. The former, Miss Wayne, had a difficult part, but she played it well, and won the applause to which she was fully entitled. Her wardrobe is unusually fine, and Miss Wayne has a splendid stage presence.

Miss Stockton has a small part in "A Savage From Japan," but she immediately impresses one with her ability, and her acting last night proves that she is capable of playing more difficult parts, which she will doubtless demonstrate later in the season. She combines with a pretty face and graceful form, that captivating presence that never fails to make a pleasing impression on an audience.

Miss Louise Henry had an unimportant part, but creditably read her lines and between the acts rendered songs and dances that pleased everybody.

Miss Frances Field, the character woman, did good work, and Mr. Andrew Forsythe, as the baron, made a good impression and also did fine work. In fact he is one of the best in the company.

Mr. Frederick Seaton in character work, shows his wide experience, and would appear to advantage anywhere. Mr. Wm. Grigg, in the juveniles, and Leo Florence in light work gave satisfaction and introduced between the second and third acts several pleasing specialties in the way of songs and dances.

The performance naturally in some parts did not go as well last night as it will when the company becomes

## SECRETS

At the Price of Suffering.

Woman on her way to semi-invalidism caused by pregnancy suffers much pain and terror. Ignorance prompts her to suffer alone in silence, and remain in the dark as to the true cause—motherhood.

Mother's Friend takes the doctor's place at her side, and she has no cause for an interview. She is her own doctor, and her modesty is protected. Daily application over the region of the breast and above the abdomen, throughout pregnancy, will enable her to undergo the period of gestation in a cheerful mood and rest undisturbed.

It is a Liniment, and for external use only. It is odorless and will not stain women's pretty fingers. It would indeed be shameful if the sacrifice of modesty to be necessary to the successful issue of healthy children. All women about to become mothers need send only to a drug store and for \$1.00 secure the price child-birth remedy.

Our book "Motherhood" mailed free. All women should have it.

## THE BEEF TRUST.

FEDERAL GRAND JURY AT CHICAGO TO TAKE A HAND.

Chicago, Ill., May 18—It is expected that the federal grand jury, which assembled today, will take an independent part investigating the methods of the packers, particularly that part dealing with the acceptance of rebates from the railroads. While the practice ceased since the recent filing of the injunction bill, that fact does not bar from indicting for past offenses. The report is that the grand jury will at least consider the matter from the criminal standpoint.

A lively debate is promised over the resolution prepared by Mrs. H. T. Jackson of Illinois, president of the society, to do away with all church suppers, bazaars, festivals and the like in raising money for missions. About one half of the mission revenue comes from this source, and its abolition will be vigorously opposed by the liberal element of the church.

## WESTERN COLLEGE.

TACOMA, WASH., TO HAVE A LARGE EDUCATIONAL INSTITUTE.

Tacoma, Wash., May 18.—As a result of the prompt action of the chamber of commerce it is practically assured that Tacoma will soon possess a new and important educational institution. Some weeks ago a proposition was submitted by the United Norwegian Lutheran church, announcing the intention of the church organization of establishing a co-educational college in the Pacific Northwest, and asking what inducements would be offered by Tacoma to secure the institution. The chamber of commerce and citizens generally promptly took up the matter and made a formal offer of a magnificent tract of land, together with other inducements in the way of transportation and material for building that will undoubtedly be accepted by the church.

## WRECK BARELY AVERTED.

ILLINOIS CENTRAL TRAIN HAS A NARROW ESCAPE NEAR DUQUOIN.

Duquoin, Ill., May 18.—An attempt was made to wreck the Illinois Central Chicago and New Orleans limited train No. 8 about two miles out of this city Saturday night. Charles Hobbs, who lives near the place where the attempt was made, was returning home from this city and noticed some ties on the track. He was afraid to remove the ties for fear the culprits were in hiding nearby and would kill him. He hurried up to the Perry county mine, a short distance north, removed a switch lamp and flagged the train. The train at this point has a speed of about sixty miles an hour and was unable to come to a full stop before striking the obstruction. The only damage was a broken crossbeam on the pilot of the engine.

It's a common error To Plaster the aching back, To rub with liniment rheumatic joints, When the trouble comes from the kidneys, Doan's Kidney Pills cure all kidney ills, And are endorsed by Paducah citizens.

Mrs. Charles Williams, of 700 Terrill street, says: "Despite the use of plaster and home remedies my back ached almost continually, and as my husband, who is employed by the Singer Sewing Machine Co., on Third street, continually complained of his, we were both constantly on the outlook for some means to check or eradicate the cause. Reading one night about Doan's Kidney Pills induced us to get that remedy at DuBois and Co.'s drug store and take a course of the treatment. Two boxes thoroughly proved that the preparation acts up to the representations made for it."

Many of our Boys and Girls are  
Suffering This Month From  
the After Effects of  
Winter Grippe.

**PAINE'S CELERY COMPOUND**  
For Their Loved Ones.

The Wondrous Medicine Quickly Ex-  
pels all Germ Poisons From  
the Blood and Fortifies  
the Weak and Run  
Down System.

A busy city physician, enjoying a large annual income, remarked the other day that a host of young people—boys and girls—were suffering this month from the after effects of winter grippe.

Dear parents, have any of your children suffered from an attack of the cruel monster grippe, during the past winter months? Are your boys and girls irritable, feverish, pale, or weak? Have they cold and clammy limbs? Is the blood watery, impure, or sluggish? Is the appetite poor and digestion weak? Has the rose tint of health faded from the cheeks? If any of these conditions are noted, be assured the drops of deadly grippe are implanted in the system.

If your children are not blithe, some, happy, boisterous, and strong in May, their condition calls for prompt action on your part. Their future—health and physical happiness, or sufferings and early death—is in your hands, dear parents, and you alone are responsible to Heaven and the community of which you form a part.

When winter grippe has implanted seeds of virulent diseases, the first and most important work is to expel from the blood every trace of poison.

This is always successfully accomplished by the use of Paine's Celery Compound.

This marvelous medicine after purifying the foul and stagnant blood, acts as a nerve food. It builds up the nervous system and nourishes all the bodily tissues.

Boys and girls with such a start in life as they always receive from Paine's Celery Compound, grow up as sturdy as forest oaks; they revel in strength and true life they are fair to behold; they make the men and women most needed by our country. Do your part this month, dear parents, with promptness and honesty, and rest assured Paine's Celery Compound will not fail in its grand work of health building.

## LOST A HAND

Lad Employed in the Collar Shop  
Badly Hurt.

His Right Fingers Mangled so Amputation  
Was Necessary.

Hugh Schuler, aged 14, an employe in the collar shop of the E. Rehkopf Co., met with a serious accident this morning about 7:30 o'clock while at work with one of the straw machines.

The little fellow had been working at the collar shop a few days only and was not well acquainted with the working and the dangers of the machine which had been placed in his charge. His duty is to stuff in straw which prepares it for stuffing the collars. The boy got his right hand into the machine and all the fingers mangled to the palm. The palm of the hand was also badly lacerated and it was necessary to take all the fingers off. Drs. Sights and Brooks performed the operation.

No one was near the little fellow when the accident happened and the injury is due entirely to the boy's carelessness or ignorance of the workings of the machine.

## VILLAGE EXPANDING.

MR. KATTERJOHN'S SUBURB  
RAPIDLY INCREASING.

Contractor Dunlap, who is superintending the work at Cedar Bluff, the small village the Katterjohn Construction Co. is putting up near Princeton, left for that place this morning after a business trip to the city.

He is stationed there and will probably be there for six months. There are 40 houses under course of construction and more will be built when these are finished. Mr. Katterjohn will build a suburb that Princeton can well feel proud of in a commercial and manufacturing way. The quarry is one of the largest in the country and when completed and all the machinery is up will be one of the biggest industries in the state.

## TRAGEDY ON A RIVER BOAT.

JESSE MITCHELL, OF HENDERSON, KY., SHOT BY GEORGE SPRADLEY.

Evansville, Ind., May 13.—Jesse Mitchell, of Henderson, Ky., was shot and killed by George Spradley, of this city. The crime was committed at Spottsville, Ky., on the steamer D. A. Nisbit. Spradley had been drinking and was quarrelsome. In a rough and tumble fight on the boat Mitchell tried to interfere, when Spradley shot him. The Nisbit brought Spradley to this city and he was arrested. Mitchell was one of the best known officials of Henderson. He leaves a family.

The program provides for both target and live bird matches, and a number of valuable trophies and prizes will be awarded. Some excellent scores were made in the target events today.

### DAILY THOUGHT.

It is the eternity ahead of us that gives significance to the present, and it is a man's fitness for heaven which stamps him as real gold or counterfeit coin.

—Hepworth.

### THE WEATHER.

Fair tonight and Wednesday. Fair preceded by showers in east and central portions tonight.

The city is getting ready to tag the dogs. Nothing has yet been said in regard to tagging the cows.

Paducah is about the liveliest city in the state at present. When we have a carnival we have it right.

It is still uncertain when a vote will be taken in congress on the Philippine bill. There is a great deal of talking to be done yet, and meanwhile the people and the Filipinos will have to put up with it.

The city is practically without an engineer, since the resignation of City Engineer James Wilcox. The only two eligible persons are Messrs. L. A. Washington and W. W. Lyon, both of whom reside in the South at present, and neither of whom would have the job at the present salary, which cannot be changed until next year.

Among those who deserve to rank with Abou Ben Adhem are the people who uncomplainingly give up their yards and pavements to the Elks for a carnival. It makes it quite inconvenient for some of them, but the fact that they give up their own comfort for that of the people in general proves that they are good citizens.

The contract for keeping up 210 miles of the county roads has been let by the county a \$4.45 a mile. The contract for the other sixty-five miles was let recently at about \$15 a mile. When the county was doing its own work it cost many times more. Last year the roads cost \$23,000. At the present rate they will cost less than \$10,000. Why is there such a difference when the county does the work and somebody else does it?

A Louisville man, Prof. Felix Kerrick, boasts that he predicted the volcano that destroyed St. Pierre would erupt within twenty-four hours, and it did it inside of four. Now will the professor please explain how he happened to make such a mistake? The volcano erupted exactly twenty hours before it should have done it. And if the Professor knows so much about what is going to happen, he ought to be set up as an oracle and consulted regularly on all important subjects. As he evidently knows everything that is going, the government could well afford to pay him an enormous salary to simply tell what he knows in advance. Prof. Kerrick is surely a

wonderful man. The weather prophets look like thirty cents beside him.

Senator Hanna makes a staunch friend. He has been inclined to regard with some dissatisfaction the termination of the Rathbone case in Havana. It has been claimed by friends of the alleged postoffice swindler that he has been persecuted, not prosecuted, and the fact that his bond was fixed at \$100,000, a most outlandish sum, would indicate that there are at least grounds for such a supposition. Senator Hanna has stuck to him, and it is said claims that General Wood has been the cause of Rathbone's having been persecuted. The administration as governor-general of General Wood has been quietly investigated, and if it is true that he has disobeyed the orders of the President and war department, there may be unpleasant developments.

### WILL HEAR

#### AMERICAN PASTORS.

London, May 13—American ministers will be very much in evidence in London during the summer. Dr. Goodspeed of the University of Chicago will preach during July at Memorial Hall. Rev. Dr. Pierson will preach at Mr. Meyer's church, Westminster Bridge Road, for three months, and Rev. Campbell Morgan will officiate at the City Temple during Dr. Parker's absence. Dr. Claude Lorimer will also be heard in London pulpits shortly.

### GOT THEIR OLD JOBS AGAIN.

Hopkinsville, Ky., May 13—W. J. Chiles and wife, who were discharged from positions in the Western Asylum a year or more ago by Dr. E. B. McCormack, and which act later caused the removal of Dr. McCormack himself, were today reinstated upon the pay roll of the institution. Mr. Chiles was made outside supervisor and Mrs. Chiles was appointed assistant matron. W. C. Cook and Mrs. Mary P. Collins were superseded by the new appointees.

### ODD FELLOWS' DAY

#### AT CHARLESTON.

Charleston, S. C., May 13.—This was Odd Fellows' day on the calendar of the Charleston Exposition, and 5,000 members of the order helped to make the occasion one of the most memorable of the great show. The chief feature of the program was a big parade, in which various lodges of the order took part, coming from all parts of South Carolina and from Georgia and other adjoining states.

### EAGLE KNIGHTS GATHER.

Shamokin, Pa., May 1.—Six hundred delegates and twice that number of other visitors have arrived for the state convention of the Knights of the Golden Eagle, which is to be in session here during the remainder of the week. A feature of the gathering will be a monster parade in which it is estimated 7,000 members of the order will participate.

### A STUBBORN COLD OR BRONCHITIS

yields more readily to Scott's Emulsion of cod-liver oil than to anything that you can take; and if persistently used a few days, will break up the cold.

When you awake in the night choked up and coughing hard, take a dose of the Emulsion, and you will get immediate relief, where no cough medicine will give you relief. It has a soothing and healing effect upon the throat and bronchial tubes.

Most people understand Scott's Emulsion is a great body builder—but it is equally good to allay inflammation and cure colds and violent coughing.

## THE FLOWER PARADE

ever seen here. It was decorated in pink and white chrysanthemums and the swans are pure white with yellow bills. In the shells were seated the queen, her maids of honor and two flower girls. They were dressed in white dresses and carried white parasols and pink and white ribbons, tied on the shafts and on the horses.

The prizes were awarded as follows: Mr. Wynne Tully, best decorated carriage with two or more horses, yellow and white chrysanthemums. The rig was driven by Mr. Tully and occupied by Mrs. Tully and Mrs. Minnie Rankin.

The prize for the best decorated rig, one horse, was awarded to Miss

READY FOR THE FRAY.

Laura Sanders, red poppies. She was accompanied by Miss Elizabeth Sinnott.

The best decorated pony carriage was awarded to Mrs. T. A. Lyle whose rig was decorated in red poppies.

The best mercantile rig was that of the Arcade, in white carnations and with violets.

Master George Rock won the first bicycle prize, having his wheel trimmed with white carnations with swamp blossoms.

The second bicycle prize was won by Miss Ida Belle Murray.

The judges of the flower parade were: Mr. D. Matthew Hinkle of Evansville, Miss Ida Fahey of St. Louis and Miss Ida Roark of Jackson, Tenn.

This afternoon people are arriving on every train, and there is a large crowd out at the carnival grounds.

All the attractions are doing a good business, and the confetti has begun flying freely.

### MANY CROOKS.

THE POLICE WARN EVERYBODY TO BE ON THE LOOKOUT FOR THEM.

The police are determined to drive every crook and grafter that can be found out of the city, but they know that there are many who will escape, and expect them about tonight to commence getting in their work. Everybody is cautioned to run no risks, and see that everything is safely locked up, and all valuables are left at home.

There have been several minor robberies reported, among them being Geo. Jones. It is understood that he received his pension of \$35 yesterday, and was touched shortly after he had received the money. The police are keeping a close watch on the grafters, and are giving them little chance to get in their work.

Marshal Crow went up and down Broadway and other streets this morning, where the crowd was thickest, and advised all the ladies to place their watches and other jewelry safely within their belts. A number wore their watches on their breasts, making it an easy matter for the light-fingered thieves to get away with them. This was one very wise precaution that probably saved many watches. Only one arrest had been made up until 1 o'clock, and that for drunk and disorderly. Hart Blackburn, a stone cutter, was arrested for drunk and disorderly conduct at the Williamson marble works.

### TIE-UP IS COMPLETE.

ONE HUNDRED AND FORTY-FIVE THOUSAND MINERS IDLE.

Philadelphia, May 13—Mine workers throughout the entire anthracite coal regions of Pennsylvania to the number of 145,000 formally began their struggle today for increased wages and shorter hours. Never in the history of hard coal mining has a tie-up been so complete, not one of the 367 collieries in the territory being in operation. There is every indication for the belief that the suspension which was to cover only the first three days of this week, will be made permanent by the miners' general convention which will meet at Hazleton on Wednesday. Absolute quiet prevailed everywhere today. The local unions throughout the regions met during the day and evening and elected delegates to the Hazleton convention. It is significant that in every instance where the vote of a "local" became public property, the ballot showed a decided majority for a permanent strike unless the operators grant concessions. Predictions are made that if it is decided on Wednesday to continue the strike, the struggle will be longer and more bitter than was that of 1900, which lasted six weeks.

### FRACTIOUS JACK.

BOWLIN CONTINUES TO "CUT UP" AT THE JAIL.

Jack Bowlin, the lunatic who has been confined in the jail for over one week, this morning threw one of his shoes through the window in order to have a place to talk through. He talked to everybody that came within range of his fog horn voice until it was necessary to close the window.

## SOCIAL NOTES.

The German at the park this evening, given by some of the young men in honor of the Queen of the Carnival and visiting young ladies in the city, promises to be one of the most delightful affairs of the season, and a decided social event.

Mrs. Whelan deserves great credit for the manner in which she worked up the flower parade, and for the beautiful decorating she did. She has been here for several weeks, and will certainly receive a high recommendation from Paducah lodge of Elks.

## CARNIVAL QUEEN.

**MISS ELIZABETH MORRIS ELECTED BY POPULAR VOTE AT HOPKINSVILLE.**

Hopkinsville, Ky., May 13.—The voting contest for the selection of a queen of the Elks' carnival next week closed this morning. Miss Elizabeth Morris, a niece of Congressman Charles K. Wheeler, had a plurality of the votes cast and was declared elected. She is a young woman of unusual beauty and numerous accomplishments. The prospects for the success of the carnival are very flattering.

## RACE WAR ON AT BRAGGS.

Muskogee, I. T., May 13.—A race war is on at Braggs, 20 miles east of Muskogee. Five negroes and one white man have been shot and one stabbed. Seventy-five negroes attempted to wipe out the white settlement of fifteen families near Braggs. The whites have appealed to the United States marshal for protection and have been instructed to arm and protect themselves.

## ESCAPED PRISONER ARRESTED.

Springfield, Ky., May 13.—Jack Byrd, who recently broke jail at Taylorsville where he was waiting trial for attempted assault on a woman, was arrested here and taken back to Taylorsville by Marshal Grace.

## CHIQUITA.

**THE DOLL LADY ATTRACTS MULTITUDES UPON THE MIDWAY.**

The reception parlors of the tiny Cuban lady Chiquita seemed to be the mecca for the thousands who visited the carnival last evening and it was interesting to note that of the multitude of people who passed in to hear the little queen sing and to shake her by the hand there was not one who on coming out did not pronounce the little woman to be the "dearest, sweetest little thing they ever saw."

Chiquita is 29 years old, 26 inches high and weighs but 18 pounds. She is not only small but she is perfect and as beautiful as she is perfect. She received her visitors last evening in an imported gown of pale blue silk chiffon covered with rare old lace. She wore a great many of her jewels which are famous the world over and sang and danced her way in to the hearts of young and old alike.

Chiquita is very much interested in floral parades and very often has her tiny pony and carriage decorated and placed in line at the different carnivals she happens to be attending. Her tiny equipage was seen in the parade today. Chiquita will hold her refined levees for the balance of the week wearing new costumes and different jewels every day. Without doubt she is the real queen of the carnival.

## REMOVING MACHINERY.

WORK PROGRESSING ON THE ILL-FATED CITY OF PITTSBURG.

The work of tearing apart the City of Pittsburg below Turner's Landing will probably require two weeks or longer. The six boilers have been taken from the hold, where they fell when the decks were burned, and are found to be good. The machinery is badly damaged, but may be repaired. The work is slow, but is being pushed, the owners of the wreck, Captain Morgan, and his assistants, being camped out on the bank of the river. The machinery is placed on barges by means of derrick boats as soon as it is removed.

## RIPANS TABULES

while not mysterious or miraculous in its curative qualities, is a simple formula prescribed by the best physicians for disorders of the digestive organs. Just little Tabules, easy to take, easy to buy and quick to act. If your trouble is Dyspepsia, Biliousness, Headache, Dizziness, Constipation, Heartburn, and the like, no need of calling a physician. Ripans Tabules contain exactly what he would tell you to take. Permanent cure follows a fair trial. No uncertainty about it.

ONE GIVES RELIEF.

There is scarcely any condition of ill health that is not benefited by the occasional use of a R.I.P.A.N.S. Tabule, and the price, ten for five cents, does not bar them from any home or justify any one in entering the list of easily cured. A family bottle containing 50 tabules is sold for 50 cents. For children the chocolate coated ones, 10 for 25 cents, are recommended. For sale by druggists.

The La Belle Park company is taking a rest this week. It is rumored that there are to be several changes in it before it it reopens.

La Belle park management announces the engagement of Mr. Wm.

Deal as musical director. This gentleman, although quite well known as an orchestra and theatrical leader in a number of our southern cities, can best be introduced to Paducah people as a former leader of Wehrley's well known orchestra of Louisville, which position he has held for quite a number of years. He is a violinist of more than ordinary merit and will be assisted by Mrs. Anna Berger, a well known southern pianist, consequently the musical part of La Belle's programs is expected to be of unusual attractiveness.

There were four box parties at the opening of The Kentucky last evening.

## CIRCUIT COURT.

The case of Ira Wills, administrator, against the Paducah Street Railway and Light Co., is still on trial. The juries, except the one on the present case, were discharged today until Monday, as the case of W. H. Patterson against the City of Paducah will tomorrow be taken up for trial and the court will need no jury, as the case will be tried before the judge.

## TO BE TRIED TOMORROW.

The case against Jack Whitesides, the saloon keeper, for keeping open on Sunday, will be tried tomorrow morning. Whitesides refused to pay once before, and was locked up, but finally decided to pay out. He was refused a license at the last regular meeting of the council, and has been appearing before that body and the board of aldermen ever since trying to effect a reconsideration and to get his license.

Attorney James Husbands went to Eddyville at noon today on business.

## POLICE COURT.

Judge Sanders held no regular police court today but continued all the regular cases over until tomorrow morning.

All desiring to plead guilty, however, were given a chance to do so.

The only cases where no trial was necessary were those against James Brice and E. O. Linderson who were arrested last night by Night I. O. Watchman Tolbert for sleeping in a box car. Jack Allen, colored, was arrested last night for beating his wife.
